MRI at UVA Imaging

Call Scheduling at 434-243-0321
Hoos Access: Route order via Epic to UVA Imaging,
Fax Number 434-243-0307

You deserve the diagnostic expertise of UVA's specialized radiologists and our commitment to your safety and comfort.

UVA Imaging's MRI technologists have extensive experience with claustrophobic patients and will provide support to ensure a successful exam. For safety and comfort, each patient is offered a call button, warm blankets, ear plugs or a selection of music, and the technologist can see the patient and communicate with them at all times during the exam.
