

PGY2-Cardiology Pharmacy Residency Application Requirements

Applicants must:

- Complete an ASHP-accredited PGY-1 pharmacy residency
- Be a graduate of an ACPE-accredited advanced pharmacy program
- Be a licensed pharmacist in the Commonwealth of Virginia by September 1, 2017

Applicants must upload the following application materials into **PhORCAS by January 4, 2019:**

- Curriculum vitae
- Letter of intent
- Three letters of recommendation †
- Official college of pharmacy transcript

† The following items are suggested for inclusion in each letter of recommendation:

- **Insight into the candidate's clinical skills, knowledge base, problem-solving, and personal attributes (i.e., ability to work with others, motivation, initiative)**
- Duration of time that they have known the applicant
- Manner in which applicant is known (e.g., advisor, program director, preceptor)
- Any special assets the candidate possesses
- Any weaknesses which might hinder the applicant's ability to perform effectively in a specialty residency program
- Check box forms will **NOT** be accepted.

An on-site interview with the residency program director, pharmacy administrators, preceptors, and current residents is required.

Please note: The UVA Health System Pharmacy Residency Program does not sponsor VISA applications.
