

**PGY2 Health System Pharmacy Administration Resident  
2010-2011**

**Philip J. Almeter, Pharm.D.  
(Email- pa7t@virginia.edu)**

Dr. Almeter is a graduate of University of Georgia College of Pharmacy where he earned his Pharm.D. degree in May 2009. The following year he completed a PGY1 pharmacy residency at the University of Virginia of Health System (UVa-HS). His current interests are pharmacy automation, financial management, benchmarking, contract pricing , and the expansion of pharmacy clinical services. Dr. Almeter's residency project will involve designing, installing , and implementing an automated dispensing system in the operating room (OR) suites at UVa-HS. The goal of this project is to standardize medication concentrations, improve patient safety, and optimize inventory management in the OR space. Upon completion of the PGY2 residency, he plans to pursue an assistant director of pharmacy position at a tertiary care hospital.
